

# Sample Policies

## Infrastructure

### 7.4 Policy - Residential Streets

7.4.1 Proposals to protect and mitigate against the impact of traffic within residential areas will be supported. Such proposals may include

- a) traffic calming and gateway treatments to deter through traffic
- b) shared space treatments to create 'home zones'
- c) temporary use of streets as social space, for example play streets.

### 7.5 Policy - Parking

7.5.1 At least two off-street car parking spaces shall be provided for each new dwelling. Three such spaces should be provided for four-bedroom or larger dwellings
